

3M™ Filtering Facepiece Respirators

continued

3M™ Particulate Respirator 8210Plus, N95

- Recommended for work settings that involve sanding, grinding and other dusty operations
- Durable braided comfort strap
 - Won't get tangled or pull on hair
 - Soft against skin
- Staple-free headband attachment
 - Comfortable in hot and cold environments
- Advanced electrically charged microfibres make breathing easier and cooler, resulting in enhanced wearer comfort
- Adjustable nose clip helps create a custom fit and reduces the potential for eyewear fogging
- Soft nose foam is more comfortable on the face
- Multi-layer, durable construction contributes to increased wear time
- Meets NIOSH 42 CFR 84 N95 requirements. TC-84A-007

UPC Number	Quantity Per Box	Boxes Per Case
051131-52924-8	20	8

3M™ Particulate Respirator 8247, R95, with Nuisance Level Organic Vapor Relief*

- Recommended for nuisance level organic vapor relief
- Lightweight construction
 - Promotes greater worker comfort
 - Contributes to increased wear time
- All filter design
 - Provides economical protection
 - Maintenance free
 - Promotes easier communication
- Meets NIOSH 42 CFR 84 R95 requirements. TC-84A-1350

UPC Number	Quantity Per Box	Boxes Per Case
051138-54358-2	20	6

*3M recommended for relief against nuisance levels of organic vapors. Nuisance level organic vapor refers to concentrations not exceeding OSHA PEL or applicable exposure limits, whichever is lower.

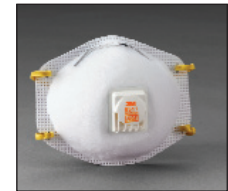

3M™ Particulate Respirator 8211, N95

- Ideally suited for work settings that involve heat, humidity or long wear
- 3M™ Cool Flow™ Exhalation Valve is a patented one-way valve offering easy exhalation for cool, dry comfort
- Braided straps help provide comfort and durability
- Faceseal
 - Contours easily to help provide a good seal
- All filter design
 - Provides economical protection
 - Maintenance free
 - Promotes easier communication
- Adjustable M-noseclip
 - Helps provide a custom fit and secure seal
 - Reduces the potential for eyewear fogging
- Meets NIOSH 42CFR 84 N95 requirements. TC-84A-1299

3M™ Particulate Respirator 8511, N95

- Recommended for grinding, sanding, sweeping, bagging, and other dusty operations
- 3M™ Cool Flow™ Exhalation Valve is a patented one-way valve offering easy exhalation for cool, dry comfort
- M-noseclip
 - Adjusts easily with fewer pressure points and greater comfort
 - Reduces the potential for eyewear fogging
 - Helps provide a custom fit and secure seal
- Lightweight construction helps increase wear time
- All filter design
 - Provides economical protection
 - Maintenance free
 - Promotes easier communication
- Braided straps
 - Provide comfort and durability
- Meets NIOSH 42CFR 84 N95 requirements. TC-84A-1299

*3M recommended for relief against nuisance levels of organic vapor. Nuisance level organic vapor refers to concentrations not exceeding OSHA PEL or applicable exposure limits, whichever is lower.

⚠ WARNING

These respirators help protect against certain particles. **Misuse may result in sickness or death.** For proper use, see supervisor, user instructions or call 3M OH&ESD Technical Service. In U.S. call 1-800-243-4630. In Canada, call 1-800-267-4414.

Do not use for:

Gases and vapors, asbestos or sandblasting. Organic vapors, including those present in paint spraying operations, when concentrations exceed the OSHA PEL, or applicable government regulations whichever is lower. Aerosol concentrations that exceed 10 times the OSHA PEL, or applicable government regulations, whichever is lower. This respirator does not supply oxygen.

3M™ Particulate Respirator 9210, N95

- Recommended for grinding, sanding, sweeping, bagging, and other dusty operations
- Three panel respirator with innovative design
 - Low profile for better visibility and compatibility with a wide range of safety equipment
 - Conforms to a wide range of face sizes
- Soft cover web on inner panel feels comfortable against skin
- Soft, conformable noseclip
 - Adjusts easily
 - Helps provide a custom fit and secure seal
- Lightweight, collapse-resistant design
- Individually packaged
- Meets NIOSH 42CFR 84 N95 requirements. TC-84A-2669

3M™ Particulate Respirator 9211, N95

- Recommended for grinding, sanding, sweeping, bagging, and other dusty operations
- Three-panel respirator with innovative design
 - Low profile for better visibility and compatibility with a wide range of safety equipment
 - Conforms to a wide range of face sizes
 - Center positioning allows the 3M™ Cool Flow™ Exhalation Valve to operate efficiently
- Soft cover web on inner panel feels comfortable against skin
- Soft, conformable noseclip
 - Adjusts easily
 - Helps provide a custom fit and secure seal
- Lightweight, collapse-resistant design
- Individually packaged
- Meets NIOSH 42CFR 84 N95 requirements. TC-84A-2668
